Dear Mr. Folweiler:

The Office of Financial Management (OFM) is working with Governor Gregoire to develop her 2007-09 capital budget recommendation to the Legislature. We are in the process of reviewing agency and community requests for funding for capital projects.

We ask all organizations which have submitted capital budget requests to fill out the attached questionnaire. Please mail or email your response by **November 13, 2006** so that my staff can analyze it in time to be considered for the Governor's budget proposal. If you would like this document in electronic format, please call our office at (360) 902-0555.

Thank you for your assistance. If you have any questions, contact Tom Saelid, Senior Budget Assistant for the Capital Budget, at (360) 902-0562 or tom.saelid@ofm.wa.gov.

Sincerely,

Victor A. Moore
Director
